

# Endangered Animals at the Honolulu Zoo

## Word Search

Endangered species are animals that have an immediate risk of becoming extinct. Endangered, as categorized by the International Union for Conservation of Nature (IUCN) Red List, is the second most severe conservation status for wild populations in the IUCN's schema after Critically Endangered.

Our keepers, educators and volunteers are deeply committed to helping save endangered species by partnering with conservation organizations, providing educational experiences to our visitors and participating in Species Survival Plans.

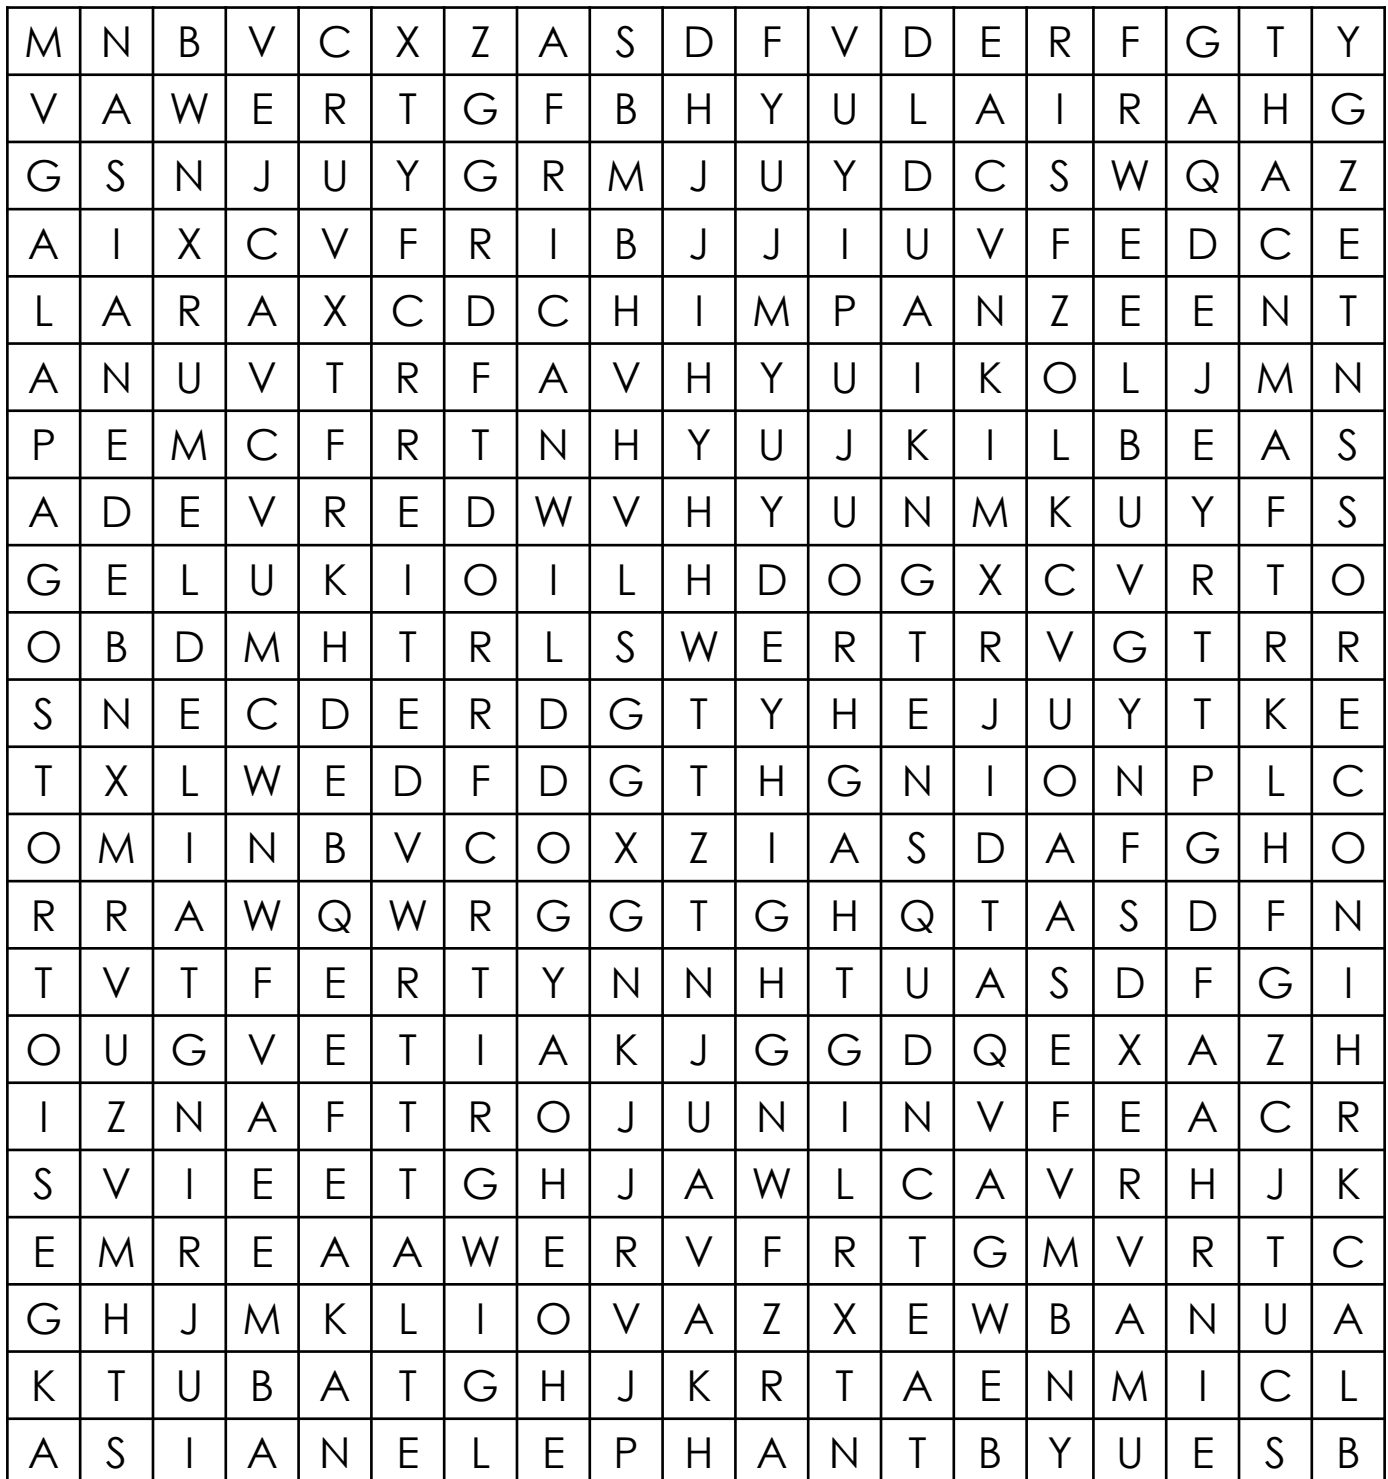

Below you will find just some of the endangered species the Honolulu Zoo is working hard to save from extinction!

Species	IUCN Red List Status
African Wild Dog	Endangered
Asian Elephant	Endangered
Black Rhinoceros	Critically Endangered
Chimpanzee	Endangered
Galapagos Tortoise	Endangered
Gharial	Critically Endangered
Orangutan	Critically Endangered
Ring Tailed Lemur	Endangered
Siamang	Endangered
Sumatran Tiger	Critically Endangered
